

NOVERA ENERGY AND TECHNOLOGIES

LIGHT. MOTION. INTELLIGENCE

PROFILE

www.noveraenergytech.com

About Us

Novera Energy & Technologies is a Ghanaian security, electrical and technology installation company.

We design, install and maintain CCTV, video intercom, access control, automatic gates, electric fencing, electrical systems, PA systems and fire alarm systems for homes and businesses across Ghana.

Every project is executed with discipline, precision, neatness and attention to detail.

Note: Novera is a professional installation company. We are not a distributor or reseller of Hikvision or Centurion Systems products.

Vision

To become Ghana's leading energy and smart technology company. Expand into Africa, accelerating the region's digital transformation and clean energy.

Mission

To provide reliable electrical and automation solutions that improve energy independence, safety, and comfort for homes and businesses.

What We Do

“We built Novera to bring world-class home intelligence and security to Ghana —
engineered for our climate, our homes, our people.”

— The Novera Team

We provide professional security, electrical, automation, communication and safety
technology solutions.

Maintenance & Technical Support

The Novera Process

Meticulous planning yields effortless results. We work cleanly, communicate clearly and finish on time. We continually push the boundaries of technology and operational excellence to deliver superior electrical energy solutions. Here's how we lead the industry and foster innovation:

Consultation

We discuss your needs, property layout and security goals.

Design & Planning

We create a practical installation plan aligned with your property and requirements.

Installation

Our technicians deliver clean, precise installation with attention to detail.

Handover & Support

We demonstrate your system and remain available for maintenance and support.

NOVERA

Sign Maintenance Contract

When clients subscribe to any of maintenance packages, they are sure of a good continuous system operation. We deliver as per the agreement.

Academy

Novera Academy provides practical training in security technology, electrical systems, automation, networking and smart solutions.

Our programs combine classroom knowledge with hands-on technical skills.

Health, Safety, and Environmental Commitment

At Novera Energy & Technologies Ltd, safety is paramount in everything we do. The health and well-being of our technicians and employees are never taken lightly. We provide comprehensive health insurance for every team member and ensure that workplace safety is never overlooked.

Our commitment extends beyond our workforce — we prioritize the protection of people, animals, and the environment in all our operations. Through strict safety standards, proactive measures, and continuous improvement, we uphold our responsibility to create secure, sustainable, and responsible solutions.

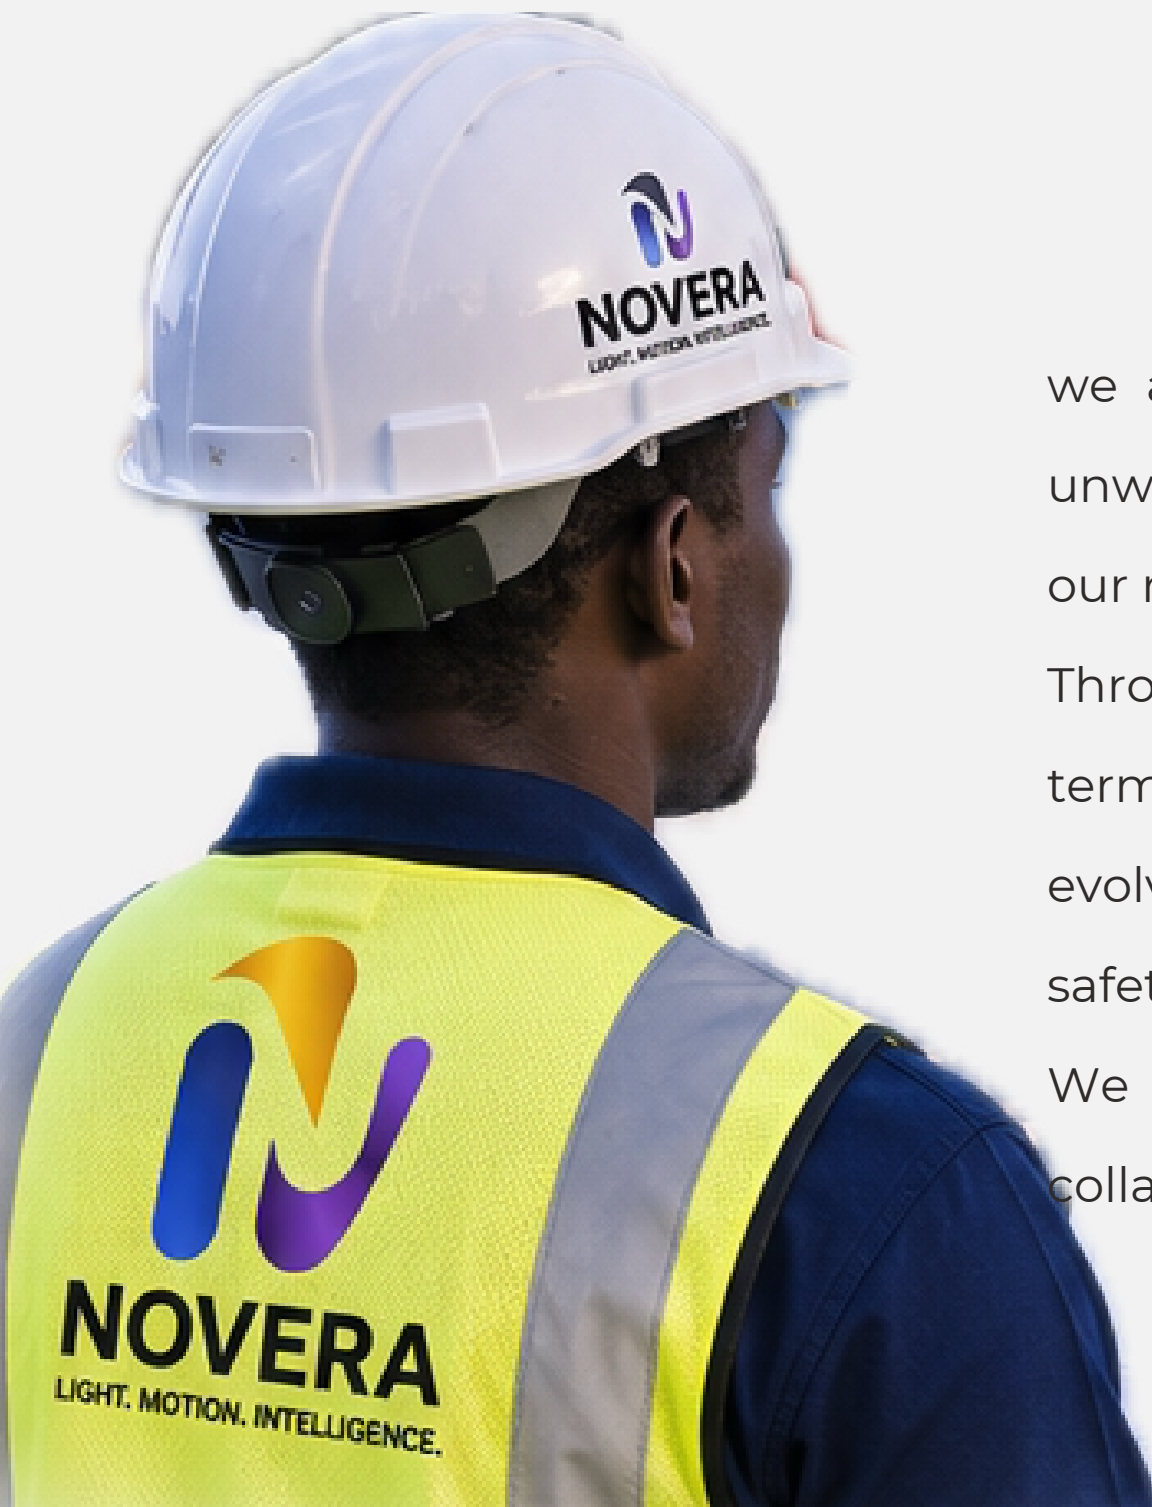

Safety first, always — for people, animals, and the environment

Financial Performance

Our financial integrity is the backbone of our operations. We ensure that all contracts and financial agreements are transparently signed directly between us and our clients, fostering trust and accountability.

Conclusion

we are dedicated to driving excellence and innovation in the energy sector. Our strategic vision, unwavering commitment to safety and sustainability, and transparent financial practices underscore our role as a trusted partner in delivering modern solutions.

Through pioneering technology, operational efficiency, and community engagement, we create long-term value for our stakeholders while contributing to a sustainable energy future. As we navigate the evolving energy landscape, we remain steadfast in upholding the highest standards of performance, safety, and environmental stewardship.

We invite you to connect with us to learn more about our projects, initiatives, and how we can collaborate to achieve shared success.
